Detainers, Executive Agreements, General Correspondence, Waivers and warrants, bills of indictment, Certifications, and true copies of records of fugitive criminals are included in the papers.

Black's Law Dictionary defines extradition as "the surrender by one state to another of an individual accused or convicted of an offense outside its own territory and within the territorial jurisdiction of the other, which, being competent to try and punish him, demands the surrender." A requisition is "the formal demand . . . by the governor of one of the United States upon the governor of a sister state, of the surrender of a fugitive criminal." If a fugitive waives extradition, he agrees voluntarily to return for trial to the state in which the crime was committed.

EXTRADITIONS AND REQUISITIONS, 1978

Accession information: Transferred from the Governor's Office on
January 11, 1979
Accessioned: January 30, 1979
Schedule reference: None
Arrangement: Alphabetical
Finding Aid prepared by: Minnie P. Bridges
Date: October 14, 1980

Detainers, Executive Agreements, General Correspondence, Waivers and warrants, bills of indictment, Certifications, and true copies of records of fugitive criminals are included in the papers.

Black's Law Dictionary defines extradition as "the surrender by one state to another of an individual accused or convicted of an offense outside its own territory and within the territorial jurisdiction of the other, which, being competent to try and punish him, demands the surrender." A requisition is "the formal demand . . . by the governor of one of the United States upon the governor of a sister state, of the surrender of a fugitive criminal." If a fugitive waives extradition, he agrees voluntarily to return for trial to the state in which the crime was committed.

Accession information: Transferred from the Governor's Office on
February 24, 1981; accessioned April 15, 1981.
Schedule reference: None.
Arrangement: Alphabetical
Finding Aid prepared by: Minnie P. Bridges.
Date: September 21, 1981.

Executive agreements, general correspondence, waivers and warrants,
bills of indictment, certifications, affidavits for order of arrests
and warrants, and true copies of records of fugitive criminals are
included in the papers.

Black's Law Dictionary defines extradition as "the surrender by
one state to another of an individual accused or convicted of an
offense outside its own territory and within the territorial juris-
diction of the other, which, being competent to try and punish him,
demands the surrender." A requisition is "the formal demand . . . by
the governor of one of the United States upon the governor of a sister
state, of the surrender of a fugitive criminal." If a fugitive waives
extradition, he agrees voluntarily to return for trial to the state
in which the crime was committed.

EXTRADITIONS AND REQUISITIONS, 1979

Accession information: Transferred from the Governor's Office on
February 17, 1982; accessioned February 22, 1982.

Schedule reference: None.

Arrangement: Alphabetical.

Finding aid prepared by: Minnie P. Bridges.

Date: April 22, 1982.

Detainers, executive agreements, general correspondence, waivers
and warrants, bills of indictment, certifications, and true copies
of records of fugitive criminals are included in the papers.

Black's Law Dictionary defines extradition as "the surrender by
one state to another of an individual accused or convicted of an offense
outside its own territory and within the territorial jurisdiction of
the other, which, being competent to try and punish him, demands the
surrender." A requisition is "the formal demand . . . by the governor
of one of the United States upon the governor of a sister state, of the
surrender of a fugitive criminal." If a fugitive waives extradition,
he agrees voluntarily to return for trial to the state in which the
crime was committed.

January 13, 1983; accessioned January 31, 1983.

Schedule reference: None.

Extraditions and Requisitions, fugitive warrants, waiver of extraditions, detainers, executive agreements, general correspondence, waivers and warrants, bills of indictment, certifications, and true copies of records of fugitive criminals are included in the papers.

Black's Law Dictionary defines extradition as "the surrender by one state to another of an individual accused or convicted of an offense outside its own territory and within the territorial jurisdiction of the other, which, being competent to try and punish him, demands the surrender." A requisition is "the formal demand . . . by the governor of one of the United States upon the governor of a sister state, of the surrender of a fugitive criminal." If a fugitive waives extradition, he agrees voluntarily to return for trial to the state in which the crime was committed.
