

GENERAL CORRESPONDENCE, 1973

Accession information: Transferred from the Governor's Office on January 14, 1975; accessioned April 10, 1975.

Schedule reference: None.

Arrangement: Alphabetical within series.

Finding Aid prepared by: Michelle F. Lawing

Date: July 29, 1976.

The general correspondence file of the governor consists of letters, reports, speeches, statements, etc. A minimum amount of weeding has been done in the Governor's File in folders pertaining to petitions on the Hawthorne Curve Bridge and requests for flags, pictures, free literature, etc. A representative sample of these petitions and requests has been retained. Similar weeding has been done in the Clinchfield Dam material found in the Alphabetical File.

Duplicate data has been removed throughout the 1973 files. Duplicate printed material related to North Carolina has been transferred to the State Library. Empty file folders were retained with a note to that effect placed in each folder. The filing system used by the Governor's Office has been maintained. It is essentially the same as the one initiated in 1967 and does not necessarily reflect the reorganization of state government which was implemented in 1972.

The files are organized as follows:

- State Agencies, Boards and Commissions
- State File
- County File
- Associations and Organizations
- Federal Government
- Governor's File
- Alphabetical File
- Institutions--General
 - Correctional
 - Educational
 - Mental
